THE TEAM

Trained by the Hair Replacement Academy and the American Hair Loss Council, the owners, **Joanne** and **Carole** Taillefer, hold diplomas in hair replacement.

They have been hair stylists for more than 30 years. They are passionate about fashion, hair styling and beauty.

They obtain new ideas and learn about new trends by regularly attending professional hair styling and hair replacement congresses. Visits to salons in New York, Paris and London have contributed to the development of their technical and aesthetic skills that have made it possible for the twins to offer the latest solutions for **undetectable hair replacement**.

Two sisters, twins, an experienced duo leading a team of specialized technicians that share common values to help rebuild confidence and self-esteem.

Driven by a true passion for their profession and a real understanding of their customers' needs, the twins are convinced that they are contributing significantly to improving the quality of life of those who seek their help.
